Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **CDPH Statewide Travel Advisory**

As of 06/15/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information: [CDC Travel Guidelines](#)

WEATHER KEY POINTS

11/21/21 - 11/27/21

Sunday-Saturday

- Gusty Santa Ana winds of 35 to locally 55 mph will combine with very low humidity levels to provide critical fire weather conditions across coastal southern California today through early Monday
 - The strongest winds are expected across Ventura, Los Angeles, inland Orange, western Riverside, and far southwest San Bernardino Counties where Red Flag Warnings are in effect Sunday morning through early Monday afternoon
 - Any new fires could spread rapidly with these conditions occurring
 - Locally breezy conditions will also be noted outside of the Red Flag Warning area through midday Monday across the southern California mountains and foothills
- Areas of dense fog will gradually erode over the San Joaquin Valley through late Sunday morning, redeveloping across portions of the Central Valley overnight and through mid morning into midweek
- Some very light showers are expected across far northern California later Monday into Tuesday, while some light drizzle is also possible at times across coastal southern California on Tuesday as winds turn back onshore.
- Another round of Santa Ana winds and elevated fire weather conditions is possible Wednesday through Friday for coastal southern California. At this time, the exact strength of the wind event remains uncertain.
